To Whom It May Concern:

As Coordinator of the Detroit Fellows Tutoring Project I worked with Jeshawn Chrite in the Fall semester of 2015. Jeshawn tutored at Golightly Education Center in Detroit. He tutored students one-on-one in beginning reading skills. He tutored a total of 84 hours.

Golightly Education Center is part of the Detroit Public School system. Jeshawn was very resourceful and energetic in working to meet the individual needs of each student. His young students became more proficient in their reading skills and gained confidence in their social skills.

Jeshawn displayed a strong commitment to the children whom he tutored. He was confronted with a variety of learning and behavioral challenges but he was quick to identify problems and sensitive in adjusting his tutoring methods to meet the needs of the individual students.

Jeshawn made a difference in the lives of the students he tutored. His persistence and determination helped his students improve in their reading ability. His patience and gentle nature encouraged them and helped support them in their learning.

Jeshawn's performance at the Seminars was very impressive. He was always prompt and well prepared. He offered timely comments and observations that enhanced his fellow tutors' skills and his kind and engaged demeanor in class was contagious.

Jeshawn Chrite is a great problem solver and was able to handle many difficult tasks during this past semester. He was faced with some challenging students and he used many creative methods to meet their educational needs. He is very out-going and great with people, but he also showed an extremely strong commitment to meeting the needs of each individual student. Jeshawn will make a great RA.

Sincerely,

Dale Thomas, Coordinator
Detroit Fellows Tutoring Project
